

Simulation at the System Level for Industrial Applications

September 23 - 24, 2013

Cargèse, France

THIRD ANNOUNCEMENT: LAST CALL

We are pleased to announce that the celebration of the **Workshop on Simulation at the System Level for Industrial Applications**, in combination with the 12th Workshop *"Trends in Numerical and Physical Modeling for Industrial Multiphase Flows"* (*"Modélisations physiques et numériques d'écoulements turbulents et multiphasiques"*), will take place in Cargèse, France, from September 23th to 24nd, 2013. This workshop will cover topics that highlight the recent development in modeling and simulation applied to system engineering.

We would like to invite you to participate and contribute to the Workshop by giving an oral presentation.

Call for Abstracts

The deadline for submission is fixed to September 6th, 2013. Abstracts should be laid out in the form of a one-page pdf file and should be submitted to [Joris COSTES](#). The notification of acceptance for authors will be sent on September, the 13th.

Program

The daily program will be published at the beginning of the Workshop on September 23th.

Registration Fees

300 € to be settled on arrival by cheque or directly to Eurobios by bank transfer. In the latter case, you should contact [Véronique ALMADOVAR](#) or [Joris Costes](#) to get the IBAN.

A receipt will be delivered at the registration desk.

Please note that the costs for travel, accommodation and insurances are not included in the fees. For lodgings and transportation from the Ajaccio 's airport, you can contact [Véronique ALMADOVAR](#) to get further information.
